REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON THE AUDIT OF THE FINANCIAL STATEMENTS

Board of Directors Pennsylvania Infrastructure Investment Authority Harrisburg, Pennsylvania

Opinions

We have audited the financial statements of the Pennsylvania Infrastructure Investment Authority (PENNVEST), a component unit of the Commonwealth of Pennsylvania, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise PENNVEST's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of PENNVEST as of June 30, 2023 and 2022, and the respective changes in its financial position and, its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of PENNVEST and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

PENNVEST's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PENNVEST's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PENNVEST's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PENNVEST's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls –related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of PENNVEST's proportionate share of the net pension and OPEB liabilities and the schedules of PENNVEST's contributions for the net pension and OPEB liabilities be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial

statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise PENNVEST's basic financial statements. The schedules and notes for the Federal Clean Water State Revolving Loan Fund and the Federal Drinking Water State Revolving Loan Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules and notes for the Federal Clean Water State Revolving Loan Fund and the Federal Drinking Water State Revolving Loan Fund are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules and notes for the Federal Clean Water State Revolving Loan Fund and the Federal Drinking Water State Revolving Loan Fund are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedules of Delinquent Loans but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 18, 2023 on our consideration of PENNVEST's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* considering PENNVEST's internal controls over financial reporting and compliance.

Philadelphia, Pennsylvania October 18, 2023

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended June 30, 2023

This section of Pennsylvania Infrastructure Investment Authority's ("PENNVEST" or "Program") annual financial report presents the Management's Discussion and Analysis ("MD&A") of PENNVEST's financial performance during the fiscal years that ended June 30, 2023 and 2022, with fiscal year 2021 for comparative purposes. It is intended to be read in conjunction with the PENNVEST financial statements and accompanying notes, which follow this section.

FINANCIAL HIGHLIGHTS

In 2023, PENNVEST's Total Net Position increased by \$104.6 million. The increase was primarily a result of Total Assets increasing by \$99 million. The Net Position for the Federal Clean Water Revolving Loan Program Fund increased by \$56.5 million, and the Net Position for the Federal Drinking Water Revolving Loan Program Fund increased by \$49.3 million in 2023.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis, financial statements, and supplemental information. The financial statements also include notes that explain in more detail some of the information in the financial statements. The MD&A serves as an introduction to the basic financial statements and supplementary information and presents management's examination and analysis of PENNVEST's financial condition and performance.

REQUIRED FINANCIAL STATEMENTS

The financial statements of PENNVEST report information about PENNVEST using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities.

The Statements of Net Position include all PENNVEST's assets, deferred outflows of resources, liabilities and deferred inflows of resources and provides information about investments, revenue bonds, and federal government payments. All the current year's revenues are accounted for in the Statements of Revenues, Expenses and Changes in Net Position. These statements measure the fiscal condition of PENNVEST's operations over the past year and can be used to determine whether PENNVEST has remained creditworthy and in a positive financial order. The final required financial statements are the Statements of Cash Flows.

The primary purpose of these statements is to provide information about PENNVEST's cash receipts and cash disbursements, net changes in cash resulting from operations, investing, and financing activities and provides answers to such questions as, where did the cash come from, what was the cash used for, and what was the change in cash balance during the report period.

FINANCIAL ANALYSIS

The issued report provides comparative statements for a three-year period. This presentation enables a reader to determine, by category, the basic analysis of a year's activity.

FINANCIAL ANALYSIS (continued)

The Statements of Net Position, and the Statements of Revenues, Expenses, and Changes in Net Position report information about PENNVEST and provide an excellent examination of position and financial performance.

These two statements report the net position of PENNVEST over the course of three years. Over time, increases or decreases in PENNVEST's net position is one gauge of whether its financial health is improving or deteriorating. This alone will not provide the total picture of financial health but it is a good indicator. Additional information such as the status of assets and liabilities and the reduction in long-term debt will provide a larger picture of the status of fiscal health.

The following table summarizes the net position for fiscal years ended June 30, 2023, 2022 and 2021.

Table 1 (in thousands)							
Condensed Statements of Net Position							
		2023		2022	2021		
Current Assets	\$	2 007 027	\$	2,063,306	\$	2,062,799	
Noncurrent Assets	Þ	2,087,827 2,532,261	Ф	2,063,306 2,457,825	Ф	2,082,799	
Total Assets		4,620,088		4,521,131		4,440,807	
Deferred Outflows		5,213		3,760		3,834	
Total Assets and Deferred Outflows		4,625,301		4,524,891		4,554,321	
Current Liabilities		76,595		58,960		69,997	
Noncurrent Liabilities		132,423		151,594		176,037	
Total Liabilities		209,018		210,554		246,034	
Deferred Inflows		2,338		4,984		4,115	
Total Liabililities and Deferred Inflows		211,356		215,538		250,149	
Total Net Position	\$	4,413,945	\$	4,309,353	\$	4,304,172	

Table 1 (in the seconds)

The above table provides several financial indicators that depict the fiscal health of PENNVEST. Total Net Position continued its trend of yearly increases in 2023. The Federal Clean Water State Revolving Fund ("CWSRF") has a significant impact on the Total Net Position line, as it represents 58% of the Total Net Position. This reflects the strength of the Federal Clean Water program.

Current Assets increased by \$24.5 million in 2023. The increase in Current Assets was largely due to increased loan repayments. Noncurrent Assets increased by \$74.4 million in 2023. The increase in Noncurrent Assets was largely due to an increase in approved loans added to the loan portfolio.

FINANCIAL ANALYSIS (continued)

The ability to encumber against future year revenues is critical for a revolving program. Noncurrent Loans Receivable, Gross, are those future loans that are due in more than one year. The Noncurrent Asset total is reduced by the Allowance for Loan Losses which is \$23.4 million for the year ended June 30, 2023.

Current Liabilities increased in 2023 by \$17.6 million or 23%; driven by increased value of security lending obligations of \$13.2 million as well as an increase of \$3.1 million in obligations due to the Commonwealth.

Noncurrent Liabilities decreased in 2023 by \$19.2 million or 14%. The decrease is primarily the result debt service payments on outstanding General Obligation bonds and due to Commonwealth of Pennsylvania.

OPERATING REVENUES AND EXPENSES

The Program has not received Commonwealth appropriations for operations since 1996. The cost of the Program has been funded from investment earnings, the repayment of loans, other federal and state funding (included in this line item are Marcellus Legacy Fund and Environmental Stewardship Fund monies), capital contributions from federal capitalization grants provided by the Environmental Protection Agency ("EPA") and reimbursement of allowable federal administrative expenses.

	2023		 2022	2021	
Operating Revenues:					_
Interest on loan receivables	\$	34,943	\$ 35,294	\$	36,391
Other Federal and state		66,975	 37,205		35,716
Total Operating Revenues		101,918	72,499		72,107
Recovery of loan losses		77	 866		306
Net Operating Revenues		101,995	 73,365		72,413
Operating Expenses:					
Administration		(22,068)	(12,413)		(17,610)
Grants/"principal forgiveness" to					
program participants		(106,709)	(54,349)		(50,559)
Total Operating Expenses		(128,777)	 (66,762)		(68,169)
Nonoperating Revenues, net		63,960	(87,942)		60,959
Capital Contributions		67,414	 86,520		111,510
Increase in Net Position	\$	104,592	\$ 5,181	\$	176,713

Table 2 (in thousands)

Condensed Statements of Operating Revenues and Expenses

OPERATING REVENUES AND EXPENSES (continued)

The Operating Revenues (as shown in Table 2), in 2023 were driven by the Other Federal and State Operating Grants of \$66.9 million, and interest repayments on loans of \$34.9 million.

The Total Operating Expenses (as shown in Table 2) increased by \$62 million in 2023. Increases in the amount disbursed as grants to program participants primarily accounted for this increase. The Total Operating Expense increase was offset by a \$151.9 million increase in Nonoperating Revenues (primarily comprised of investment income/(loss)) as a primary driver for the Program increase in Total Net Position.

Table 3 examines the loan loss allowance for each of the loan portfolios of PENNVEST. The loan loss is an allowance in the Statements of Net Position, which reflects the amount which, in management's judgment, establishes an adequate allowance to report possible losses on loans.

Table 3 (in thousands) Loan Loss Allowance							
Loan Loss Allowance							
CWSRF	\$	12,279	\$	12,378	\$	12,897	
DWSRF		1,900		1,813		1,840	
State and Revenue Bonds		9,207		9,272		9,592	
Total program	\$	23,386	\$	23,463	\$	24,329	

Table 4 depicts the PENNVEST loan portfolios, excluding On-Lot Loans, by risk code classification. Overall, the risk assessment of the loan portfolio remains good. The largest dollar changes year over year occurred in the Non-Speculative project rating and the Speculative rating. In 2023, the risk code for Non-Speculative increased by \$122 million and the risk code for Non-Speculative decreased by \$65.3 million. The total for the Non-Speculative risk code represented \$2.11 billion and 77% of the portfolio. This indicates less overall credit risk in the PENNVEST loan portfolio.

Table 4 (in thousands) Loan Portfolio by Risk

Risk Codes	2023		 2022	2021	
Speculative	\$	564,632	\$ 629,924	\$ 697,300	
Concern High Rate Impact		72,665	47,958	78,591	
Concern Service User		833	904	9,174	
Non-Speculative		2,110,157	1,988,166	1,904,200	
Total Loan Portfolio	\$	2,748,287	\$ 2,666,952	\$2,689,265	

REVENUES

As PENNVEST is a Revolving Loan Program, it is essential that loan repayments be made in a timely manner. Over 99.26% of all loans in the PENNVEST portfolio are submitting repayments electronically, with the electronic funds transfer program offered, under the Automatic Clearing House (ACH) system; however, funds must be available for payment in the borrowers' accounts. By all accounts, the PENNVEST ACH system is working and funds are available for repayment. Table 5 illustrates the loan receipts by the different loan portfolios of PENNVEST.

As can be observed from Table 5, loan receipts vary for each of the PENNVEST portfolios. These receipts are categorized as deposits that do not include any transfers. The CWSRF Program had the largest dollar collection of \$101 million or 54% of the total collected. The CWSRF is a major portfolio in the PENNVEST program.

Loan Receipts	 2023	2022	2021
CWSRF Federal Loans	\$ 101,164	\$ 124,092	\$ 120,595
DWSRF Federal Loans	42,405	48,348	42,030
State and Revenue Bond Loans	 42,482	71,874	83,244
Total	\$ 186,051	\$ 244,314	\$ 245,869

Table 5 (in thousands)Loan Receipts from Customers

Table 6 is an illustration of the PENNVEST disbursements to customers. The total disbursement of \$271.6 million reflects a increase of \$49.7 million from 2022. The CWSRF Federal disbursements accounted for the largest category of disbursements, making up 49% of the Total Disbursements.

Table 6 (in thousands)Loan Disbursements to Customer

Loan Disbursements	 2023	2022	2021
CWSRF Federal Loans	\$ 132,726	\$ 119,387	\$ 153,620
DWSRF Federal Loans	96,833	70,068	91,931
State and Revenue Bond Loans	 42,100	32,546	31,451
Total	\$ 271,659	\$ 222,001	\$ 277,002

LONG-TERM DEBT ADMINISTRATION

In 2015, PENNVEST issued Revenue Bonds Series 2015A, in the amount of \$65.0 million. The bonds were issued at a premium of \$8.3 million. The proceeds of the bonds together with other available funds were used to pay off the outstanding commercial paper.

In 2018, PENNVEST issued Revenue Bonds Series 2018A, in the amount of \$50.0 million. The bonds were issued at a premium of \$8.4 million. The issuance was the first utilizing the Federal State Revolving Fund ("SRF") funds as collateral for the issuance.

As of June 30, 2022, PENNVEST had \$92 million of revenue bond debt. The \$30.4 million commercial paper debt was repaid in 2022. Revenue Bonds Payable decreased in 2022 by \$7.3 million from the previous year due to debt service payments.

As of June 30, 2023, PENNVEST had \$83 million of revenue bond debt. Revenue Bonds Payable decreased in 2023 by \$7.69 million from the previous year due to debt service payments. The following is a summary of Revenue Bond activity for the 2022-2023 fiscal year.

Table 7 (in thousands)

	2023	2022
Outstanding debt, beginning of year	\$ 92,002	\$ 130,942
Additions	-	-
Less: Principal payments	(7,696)	(37,686)
Net change in amortized premium	(1,254)	(1,254)
Outstanding debt, end of year	\$ 83,052	\$ 92,002

See Notes 6 and 7 to the financial statements for detailed descriptions of the outstanding debt and the current year activity.

FUTURE PROGRAMS UNDER DEVELOPMENT

Trust Indenture

PENNVEST entered into a Federal SRF Trust Indenture and First Supplemental Trust agreements and issued \$50 million in SRF Revenue Bonds in January 2018. These indentures allow for the issuance of revenue bonds, commercial paper, and implementation of a loan/bond guarantee program. It is cross-collateralized with both the CWSRF and DWSRF. Zion's Bank was selected as the Trustee.

FUTURE PROGRAMS UNDER DEVELOPMENT (continued)

Loan Guarantee Program

During 2019-2020, PENNVEST continued developing a Loan Guarantee program to supplement its loan program. This allows PENNVEST to provide further assistance to the borrowers when the cost of the project is more than PENNVEST can lend. The Loan Guarantee allows the borrowers to find private financing for the balance of a project with a reduced interest rate.

Riparian Buffer Initiative

The 2019-2020 fiscal year brought the final series of approvals for this program to establish forest buffers within the Chesapeake Bay watershed to help to meet the Commonwealth obligation to reduce sediment, nitrogen and phosphorus in the Chesapeake Bay. The expectation is that PENNVEST can collect business model related information in as few as three years after installation.

Sublevel Revolving Loan Program

PENNVEST Board of Directors approved PENNVEST Board Resolution 2023-3, authorizing PENNVEST to establish a PENNVEST Sublevel Revolving Loan Program (SLRLP). The Resolution made \$50M available to PENNVEST as an investment in the program. Under the SLRLP, counties, municipal authorities, council of governments, or other regional entities, can apply for 'seed' funding to establish a revolving loan program to fund eligible clean water projects at the sub-state level. The thought is that regional entities will have staff that are better situated to reach potential funding recipients in their areas who have smaller projects eligible for funding by PENNVEST.

CONTACTING PENNVEST'S DIRECTOR OF FINANCIAL MANAGEMENT

This financial report is designed to provide bondholders, investors, creditors, and federal and state agencies with a general overview of PENNVEST's finances and to demonstrate PENNVEST's accountability as a governmental agency. If you have any questions about this report or need additional financial information, contact Steven Anspach, Executive Director of Financial Management, PENNVEST, 333 Market Street, 18th Floor, Harrisburg, PA 17101.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Pennsylvania Infrastructure Investment Authority ("PENNVEST") is an instrumentality of the Commonwealth of Pennsylvania ("Commonwealth") created by Act 16 of the General Assembly in March of 1988 (the "PENNVEST Act"). The purpose of PENNVEST is to finance long-term, low-interest loans for corporations, partnerships, sole proprietorships, non-profit organizations, authorities, and municipalities for repair, construction, reconstruction, rehabilitation, extension, and improvement of drinking water, storm water, and wastewater systems. PENNVEST's On-Lot Program provides funding for the improvement of septic systems. PENNVEST is funded through revenue bonds, federal grants, Commonwealth appropriations, Commonwealth general obligation bonds, and the use of recycled loan repayments.

A governing body of thirteen members, administers the operations of PENNVEST. The Chairman of the governing body is the Governor or the Governor's designee. Other members include cabinet secretaries, legislators, and local government leaders, as well as representatives of the engineering community and the drinking water and wastewater industries.

PENNVEST, which is a component unit of the Commonwealth reporting entity, is presented as an Enterprise Fund on the accrual basis of accounting. Criteria considered in making this determination include the Commonwealth's appointment of PENNVEST's Board and the Commonwealth's ability to impose its will on PENNVEST.

Measurement Focus and Basis of Accounting

PENNVEST's activities are accounted for on a cost of services or "capital maintenance" approach under the economic resources measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with its activities are included on its statement of net position. The operating statements present increases (revenues) and decreases (expenses) in total net position.

PENNVEST utilizes the accrual basis of accounting wherein revenues are recognized in the period earned and expenses are recognized when they are incurred.

Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of PENNVEST. Operating revenues consist primarily of interest on loans receivable, and federal and state grants received for the purpose of providing grants or "principal forgiveness" to program participants. Nonoperating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities, such as investment income/loss.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus and Basis of Accounting (continued)

When an expense is incurred for purposes for which there are both restricted and unrestricted resources available, it is PENNVEST's policy to apply those expenses to restricted resources to the extent that they are available and then to unrestricted resources.

The accounting and reporting policies of PENNVEST conform to the accounting rules prescribed by the Governmental Accounting Standards Board ("GASB").

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, PENNVEST considers all highly liquid investments with an initial maturity of three months or less at the time of purchase to be cash equivalents.

Investments

Investments are stated at fair value based on quoted market values.

Capital Contributions

Capital contributions represent contributions from the Commonwealth of Pennsylvania and the Federal government for the loan programs.

Allowance for Loan Losses

The allowance for loan losses is used to report possible future losses on loans outstanding. Loan losses and recoveries of previously charged-off loans are charged or credited directly to the allowance for loan losses. The provision for loan losses, which is charged to current operations, reflects the amount, which in management's judgment establishes an adequate allowance to report possible losses on loans. Management's judgment is based upon a continuing review of the loan portfolio, past collection experience, and current economic conditions. While management uses available information to recognize losses on loans, future adjustments to the allowance may be necessary based on changes in economic conditions.

Investment/Interest Income

Interest income on investment securities is recorded when earned. Interest income on loans is accrued based on methods that result in a constant yield when related to the principal amounts outstanding.

1. SUMMARY OF SIGNIFICANT ACCOUTING POLICIES (continued)

Restricted Net Position

Restricted net position represents net position that is restricted for revolving loans in the Federal Revolving Clean Water and Drinking Water Programs.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

The Statements of Net Position report a separate section for deferred outflows and inflows of resources. These separate financial statement elements represent consumption/acquisition of net position that applies to future periods, and so will not be recognized as an outflow/inflow of resources until then. PENNVEST has two items that qualifies for reporting in this category: deferred outflows/inflows related to pension and other post-employment benefits.

Postemployment Benefits Other Than Pensions ("OPEB")

For purposes of measuring the PENNVEST's OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Commonwealth's Retired Employees Health Plan ("REHP") and additions to/deductions from the REHP's fiduciary net position have been determined on the same basis as they are reported in the Commonwealth's Annual Comprehensive Financial Report ("ACFR"). For this purpose, the REHP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. DEPOSIT AND INVESTMENT RISK

The trust indenture and the Commonwealth fiscal code, as amended, authorizes PENNVEST to invest in obligations of the U.S. government and government-sponsored agencies and instrumentalities; certificates of deposit, fully insured or collateralized; certain commercial paper and repurchase agreements; highly rated bank promissory notes or investment funds or trusts; and "prudent man" investments as determined by PENNVEST's depository (i.e. Commonwealth Treasury Department).

The majority of PENNVEST's investments are invested in the Common Investment Pool of the Commonwealth which is managed by the Commonwealth's Treasury Department (the "Treasury Department").

2. DEPOSIT AND INVESTMENT RISK (continued)

The deposit and investment policies of the Treasury Department are governed by Sections 301, 301.1 and 505 of the Pennsylvania Fiscal Code (Act of 1929 P.L. 343), and Section 321.1 of the Pennsylvania Administrative Code (Act of 1929 P.L. 177. No. 175).

Treasury deposits must be held in insured depositories approved by the Board of Finance and Revenue and must be fully collateralized. The Pennsylvania Fiscal Code grants the Treasury Department the authority to invest in any deposits and investments. This authority is subject, however, to the exercise of full judgment and care under the prevailing circumstances. Persons of prudence, discretion, and intelligence familiar with such matters in regard to the permanent disposition of the funds need to consider the probable income to be derived therefrom, as well as the probable safety of the capital.

The Treasury Department manages the Commonwealth Investment Program ("CIP"). The Treasury Department is required to exercise careful judgment in determining those investments that are appropriate for each Commonwealth fund based upon distinct investment criteria such as income needs, cash flow requirements, investment time horizons, and risk tolerance. All investments are made in accordance with the statutory authority described in the preceding paragraph. The CIP investment pool structure invests in both equity securities and fixed income securities to achieve the investment objectives of the funds of the CIP. Asset allocation targets among cash, equity securities, fixed income securities and alternatives are established in order to meet these overall objectives.

The Treasury Department has created two separate pools within the CIP, each with its own distinct investment strategies, goals, and holdings that reflect the differing needs of Commonwealth funds for income, cash flows, and investment risk tolerance. A highly liquid vehicle, Pool 99, consists of short-term fixed income and cash and provides a high degree of liquidity and security but only modest returns. A less liquid vehicle, Pool 198, allows for investment in assets that offer potentially higher returns with commensurate risk.

As of June 30, 2023 and 2022, PENNVEST's investments, excluding securities lending balances (see below), held in the Commonwealth investment pools, were \$1,611,970 and \$1,459,921, respectively.

As of June 30, 2023 and 2022, PENNVEST also had bank balances of cash and cash equivalents in the amount of \$217,537 and \$369,827, respectively. These balances were collateralized with securities held by the pledging financial institution's trust department or agent but not in the PENNVEST's name.

2. DEPOSIT AND INVESTMENT RISK (continued)

Securities Lending Program

The Treasury Department provides a securities lending program in which the various investments under custody of the Treasury Department participate. A contract between the Treasury Department and its custodian, acting as a lending agent, provides that the custodian lends securities owned by the participants to independent brokers, dealers and banks, acting as borrowers in exchange for collateral.

Lending agreements between the custodian and the borrowers require that the custodian receive collateral from the borrowers in exchange for the securities lent. Securities lent consist of both domestic and foreign equity securities and United States Treasury and foreign debt obligations. For securities lent which are not denominated in United States dollars or whose primary trading market is located outside the United States, the fair value of the collateral received must be at least 105 percent of the fair value of the securities lent. For all other securities lent, the fair value of the collateral received must be at least 102 percent. Practically all collateral received consists of cash. A small portion of collateral received consists of letters of credit, United States Treasury, and corporate and/or foreign debt obligations. Collateral is marked to market daily. Additional collateral from borrowers is required if the fair value of the collateral received declines below lending agreement requirements. The lending agent cannot pledge or sell collateral securities received unless the borrower defaults.

To the extent collateral received consists of cash, the lending agent may use or invest the cash in accordance with reinvestment guidelines approved by the Treasury Department. Either the participant or the borrower may terminate lending agreements on demand. Lending agreements are typically of very short duration – usually overnight. Therefore, the duration of lending agreements do not generally match the maturities of the investments made with cash collateral.

The resulting rate risk is mitigated by the lending agent's ability to reallocate lending agreements among program participants.

The program requires that the lending agent indemnify the Treasury Department for all claims, liabilities, and costs resulting from the lending agent's negligence or intentional misconduct.

2. DEPOSIT AND INVESTMENT RISK (continued)

During the fiscal years ended June 30, 2023 and 2022, there were no failures by any borrower to return securities lent or pay distributions thereon. Also, there were no losses resulting from a lending agent or borrower default and there were no Treasury Department restrictions on the amounts of the loans that could be made.

As of June 30, 2023 and 2022, there was no Treasury Department or participant credit risk because the fair value of collateral received was not less than the fair value of the securities lent. As of June 30, 2023 and 2022, PENNVEST's portion of securities lending collateral within the Commonwealth Investment Pool was \$48,564 and \$35,397, respectively.

3. FAIR VALUE MEASUREMENTS

PENNVEST categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. There were no Level 1 or Level 3 investments as of June 30, 2023 and 2022.

PENNVEST has the following recurring fair value measurements:

- Level 2 Commonwealth Investment Program Pool 99 ("Pool 99") of \$643,833 and \$606,359, as of June 30, 2023 and 2022, respectively, were valued using a share-based valuation structure (net asset value). Pool 99 seeks to maintain a stable net asset value per share of \$1. Pool 99 performance is benchmarked against the yield on Merrill Lynch three- month United States Treasury Bill Index.
- Level 2 Commonwealth Investment Program Pool 198 ("Pool 198") of \$968,137 and \$853,562, as of June 30, 2023 and 2022, respectively, were valued using a sharebased valuation structure (net asset value). Pool 198 is benchmarked to a blend of Standards and Poor's 500, Morgan Stanley Capital International All County World Index Ex-U.S., Barclays Capital U.S. Aggregate Bond, and Merrill Lynch 6-month U.S. Treasury Bill Indices.

PENNVEST has loans outstanding throughout the Commonwealth. The eleven largest loans amount to 15% and 16%, of gross loans receivable as of June 30, 2023 and 2022, respectively. The majority of loans are disbursed to municipal governments of the Commonwealth and are collateralized by a pledge of the general taxing powers of the municipal governments or revenue streams generated by the municipal governments.

4. LOANS RECEIVABLE

PENNVEST currently provides loans for projects which are expected to lead to an effective solution to problems experienced with drinking water, wastewater treatment, or storm water systems. The term of loans is normally between 20 and 30 years. The minimum interest rate on a loan is 1.00%. Detailed guidelines are established in the PENNVEST Act for the maximum interest rate. The actual interest rates ranged from 1.00% to 4.04% as of June 30, 2023 and 2022.

As of June 30, 2023 and 2022, PENNVEST had approved approximately \$1,811,102 and \$1,265,593, respectively, of loan funds that had not yet been disbursed. The monies needed to fund these loans will be generated from contributions by the Federal government or the Commonwealth of Pennsylvania revenue bonds and principal repayments on existing loans.

Loans receivable, gross, as of June 30, 2023 and 2022, are as follows:

	 2023	 2022
Current portion	\$ 192,640	\$ 185,664
Noncurrent portion	2,555,647	2,481,288
Total loans receivable, gross	\$ 2,748,287	\$ 2,666,952

5. ALLOWANCE FOR LOAN LOSSES

Changes in allowance for loan losses during years ended June 30, 2023 and 2022, are as follows:

	 2023	 2022
Balance, beginning of year	\$ 23,463	\$ 24,329
Write off	-	-
Recovery of loan losses	(77)	(866)
Balance, end of year	\$ 23,386	\$ 23,463

6. REVENUE BONDS PAYABLE

In June 2015, PENNVEST issued Revenue Bonds Series 2015A in the amount of \$65,000. The Bonds were issued at a premium of \$8,257. The proceeds of the bonds were used to pay at maturity on July 1, 2015 the aggregate principal amount of PENNVEST's Tax-Exempt Commercial Paper Revenue Notes, Series 2010A, plus accrued interest, and pay the costs of issuing the 2015 Bonds.

6. **REVENUE BONDS PAYABLE** (continued)

In January 2018, PENNVEST issued State Revolving Funds ("SRF") Bond Series 2018A in the amount of \$50,000. The Bonds were issued at a premium of \$8,387. The proceeds of the 2018 RF bonds, together with other available funds, was applied (i) to finance costs of certain wastewater and drinking water projects for governmental entities and other eligible borrowers pursuant to the PENNVEST Leveraged State Water Pollution Control Revolving Fund Program (Clean Water SRF Program) and the PENNVEST Leveraged State Drinking Water Revolving Fund Program (Drinking Water SRF Program), and (ii) to pay the costs of issuing the 2018 SRF Bonds.

Changes in revenue bonds payable for the fiscal years ended June 30, 2023 and 2022, are as follows:

	Bala	ance as of					Bala	ance as of	Amo	unts Due
Series	Jul	y 1, 2022	Add	litions	Ree	ductions	June	e 30, 2023	within	One Year
2015A Revenue Bonds	\$	48,710	\$	-	\$	2,856	\$	45,854	\$	3,000
2018A SRF Bonds		32,910		-		4,840		28,070		5,080
Bond Premium		10,382		-		1,254		9,128		-
Total	\$	92,002	\$	-	\$	8,950	\$	83,052	\$	8,080

	Bal	ance as of					Bala	ance as of	Amo	unts Due
Series	Ju	y 1, 2021	Add	litions	Ree	luctions	June	e 30, 2022	within	One Year
2015A Revenue Bonds	\$	51,430	\$	-	\$	2,720	\$	48,710	\$	2,855
2018A SRF Bonds		37,520		-		4,610		32,910		4,840
Bond Premium		11,636		-		1,254		10,382		-
Total	\$	100,586	\$	-	\$	8,584	\$	92,002	\$	7,695

Information regarding revenue bonds issued is presented below:

Year of Issue	 nount of ginal Issue	Maturity	Interest Rate	Purpose
				To pay at maturity as of July 1, 2015, the Series 2010A Commercial Paper Revenue
2015	\$ 65,000	2035	3.38% to 5.00%	Notes, and to pay debt issuance costs. To finance costs of certain
2018	\$ 50,000	2028	5.00%	wastewater and drinking water projects.

6. **REVENUE BONDS PAYABLE** (continued)

A summary of debt service requirements (payable semi-annually) as of June 30, 2023, are as follows:

Years Ending June 30,	P	rincipal	Interest		 Total
2024	\$	8,080	\$	3,456	\$ 11,536
2025		8,485		3,052	11,537
2026		8,910		2,627	11,537
2027		9,320		2,182	11,502
2028		9,750		1,716	11,466
2029-2033		20,150		4,437	24,587
2034-2035		9,229		556	 9,785
Total	\$	73,924	\$	18,026	\$ 91,950

Under the terms of the debt issue described above, PENNVEST is required to maintain certain balances in restricted trust accounts, make timely payments to the trustee accounts, and pledge loans that provide cash flow necessary to service debt (short-term obligations and revenue bonds payable). The SRF trust indentures contain a provision that in an event of default of debt, outstanding amounts become immediately due if PENNVEST is unable to make payments.

7. DUE TO THE COMMONWEALTH OF PENNSYLVANIA

In April 2013, a Commonwealth bond issue was closed in which \$90,000, of bonds were issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$102,677, including a premium of \$12,677. The net proceeds received by PENNVEST will be repaid quarterly on January 1, April 1, July 1, and October 1 to the Commonwealth over a 20-year term with a 1% interest rate.

In October 2011, a Commonwealth bond issue was closed in which \$46,000, of bonds were issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$51,826, including a premium of \$5,826. The net proceeds received by PENNVEST will be repaid quarterly on February 1, May 1, August 1, and November 1 to the Commonwealth over a 20-year term with a 1% interest rate.

In June 2007, a Commonwealth bond issue was closed in which \$15,000, of bonds were issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$14,764, including a discount of \$196, and underwriters insurance costs of \$40. The net proceeds received by PENNVEST will be repaid semi-annually on May 1 and November 1 to the Commonwealth over a 20-year term with a 1% interest rate.

7. DUE TO THE COMMONWEALTH OF PENNSYLVANIA (continued)

In December 2006, a Commonwealth bond issue was closed in which \$50,000, of bonds were issued for PENNVEST loans under the 1992 Referendums. Net proceeds from the bonds were \$52,877, including a premium of \$2,937, and underwriters insurance costs of \$60. The net proceeds received by PENNVEST will be repaid quarterly on February 1, May 1, August 1, and November 1 to the Commonwealth over a 20-year term with a 1% interest rate.

In December 2005, a Commonwealth bond issue was closed in which \$50,000, of bonds were issued for PENNVEST loans under the 1988 and 1992 Referendums. Net Proceeds from the bonds were \$53,334, including a premium of \$3,413, and underwriters insurance costs of \$79. Of the net proceeds received by PENNVEST, \$24,727, was a contribution of capital that does not have to be repaid and \$28,607, must be repaid quarterly on February 1, May 1, August 1, and November 1 to the Commonwealth over a 20-year term with a 1% interest rate.

	Pi	Principal		terest	 Total
2024	\$	13,677	\$	504	\$ 14,181
2025		13,814		367	14,181
2026		13,953		228	14,181
2027		14,093		88	 14,181
Total	\$	55,537	\$	1,187	\$ 56,724

A summary of the required payments as of June 30, 2023 are as follows:

8. CAPITAL CONTRIBUTIONS

The Commonwealth of Pennsylvania has authorized the issuance of a total of \$1,430,256, of general obligation bonds and appropriated the proceeds to PENNVEST for the improvement of water and sewer systems in the Commonwealth. Proceeds include \$230,256, approved by the electorate in 1981, \$300,000, approved by the electorate in 1988, \$350,000, approved by the electorate in 1982, \$150,000, under the provisions of P.L. 343No. 176 as authorized by the PENNVEST Act of 1988, and \$400,000, approved by the electorate in 2008. PENNVEST is authorized to utilize the proceeds for loans to borrowers. All but \$300,000 of the proceeds are considered to be revolving, as such, the principal and interest received on the loans are not required to be repaid to the Commonwealth. The balance of the proceeds, also used for loans to borrowers, ultimately received from the bond issues will require repayment as described in Note 7.

8. CAPITAL CONTRIBUTIONS (continued)

PENNVEST has also received approval for \$1,904,519 and \$920,154, in Federal loan funds for water pollution control and drinking water, respectively, as of June 30, 2023. Of the \$1,904,519 and \$920,154, approved, \$1,830,395 and \$749,625, respectively, have been received as of June 30, 2023. For the period July 1, 2022 through June 30, 2023, \$45,895 and \$31,504 of Federal funds were received for water pollution control and drinking water, respectively. The State match for water pollution control and drinking water programs for the period July 1, 2022 through June 30, 2023, was \$16,217 and \$9,856, respectively. These funds have or will be utilized to make loans and the proceeds from repayments can be utilized to make new loans in the future.

The required cumulative State match for the disbursed Federal loan funds for water pollution control and drinking water as of June 30, 2023, was \$372,865 and \$156,212, respectively. As of June 30, 2023, \$372,865 and \$156,212, was the cumulative State match on disbursed loans for water pollution control and drinking water, respectively. All State match must be funded by the end of the award period.

The required cumulative State match for the disbursed Federal loan funds for water pollution control and drinking water as of June 30, 2022, was \$356,647 and \$146,357, respectively.

As of June 30, 2022, \$356,647 and \$146,357, was the cumulative State match disbursed on loans for water pollution control and drinking water, respectively. All State match must be funded by the end of the award period.

PENNVEST has been authorized by the PENNVEST Act to make grants to participants in the loan programs, if deemed necessary, to financially assist the community. As of June 30, 2023 and 2022, PENNVEST has authorized unfulfilled grant commitments of \$53,814 and \$33,533, respectively, remaining.

For the years ended June 30, 2023 and 2022, state capital contributions were \$34,728 and \$31,803, respectively. State funded grants disbursed to program participants of \$29,981 and \$21,517 are reported, for the years ended June 30, 2023 and 2022, respectively.

9. RELATED-PARTY TRANSACTIONS

PENNVEST contracts for services necessary to carry out its operations from various Commonwealth of Pennsylvania departments and agencies. PENNVEST paid the following departments and agencies for accounting services and loan project technical assistance during the fiscal years ended June 30, 2023 and 2022:

- - - -

- - - -

	2	.023	2	2022
Office of Comptroller Operations	\$	314	\$	258
Department of Environmental Protection		1,580		1,113

10. LITIGATION

PENNVEST is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on PENNVEST's financial position.

11. RETIREMENT BENEFITS

General Information about the Pension Plan

Plan Description

Substantially all employees of PENNVEST participate in the Pennsylvania State Employees' Retirement System ("SERS"), a cost-sharing multiple-employer defined benefit pension plan established by the Commonwealth to provide pension benefits for employees of State government and certain independent agencies.

Membership in SERS is mandatory for most PENNVEST (and other State) employees. Article II of the Commonwealth's constitution assigns the authority to establish and amend the benefit provision of the plan to the General Assembly. SERS issues a publicly available financial report that can be obtained at www.sers.pa.gov.

Benefits Provided

SERS provides retirement, death, and disability benefits. Member retirement benefits are determined by taking years of credited service, multiplied by final average salary, multiplied by 2%, and multiplied by class of service multiplier. PENNVEST employees participate in one of the following classes of service categories: Class A, Class AA, Class A-3 or Class A-4. According to the State Employees' Retirement Code ("SERC"), all obligations of SERS will be assumed by the Commonwealth should SERS terminate.

Contributions

Section 5507 of the SERC (71 Pa. C.S. §5507) requires the Commonwealth and other employers whose employees are SERS members to make contributions to the fund on behalf of all active members and annuitants necessary to fund the liabilities and provide the annuity reserves required to pay benefits. SERS funding policy, as set by the board, provides for periodic active member contributions at statutory rates. The SERS funding policy also provides for periodic employer contributions at actuarially determined rates based on SERS funding valuation, expressed as a percentage of annual retirement covered payroll, such that they, along with employee contributions and an actuarially determined rate of investment return, are adequate to accumulate assets to pay benefits when due. In fiscal year 2017 and 2018, the Commonwealth paid the full actuarially required rate after being collared in previous years due to Act 2010-20.

11. **RETIREMENT BENEFITS** (continued)

Contributions (continued)

Contributions to the pension plan from PENNVEST were \$1,018 and \$977, for the fiscal years ended June 30, 2023 and 2022, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions

As of June 30, 2023 and 2022, PENNVEST reported a liability of \$10,651 and \$6,450, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2022 and 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. PENNVEST's proportion of the net pension liability was based on a projection of PENNVEST's long-term share of contributions to the pension plan relative to the projected contributions of all participating agencies, actuarially determined.

As of December 31, 2022 and 2021, PENNVEST's proportion was 0.047 and 0.044 percent, respectively.

For the fiscal years ended June 30, 2023 and 2022, PENNVEST recognized pension expense of \$1,729 and \$732, respectively.

As of June 30, 2023 and 2022, PENNVEST reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Defe	rred Outflo	ows of R	Resources	Defe	rred Inflo	owsof Resources	
	2	2023		2022	2(023		2022
Differences between expected and actual experience	\$	155	\$	43	\$	30	\$	37
Net difference between projected and actual investment								
earnings on pension plan investments		1,447		-		-		1,866
Changes in proportion		888		875		-		4
Changes in assumptions		718		664		-		-
Differences between PENNVEST contributions and								
proportionate share of contribution		15		21		21		15
PENNVEST contributions subsequent to measurement date		511		452		-		-
Total	\$	3,734	\$	2,055	\$	51	\$	1,922

11. RETIREMENT BENEFITS (continued)

The \$511 and \$452, reported as deferred outflows of resources related to pension resulting from PENNVEST contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the years ended June 30, 2023 and 2022, respectively. Other amounts reported as deferred outflows/inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30	A	mount
2024	\$	525
2025		785
2026		779
2027		1,053
2028		30
Total	\$	3,172

Actuarial Assumptions

The following methods and assumptions were used in the December 31, 2021 and 2020, actuarial valuations. These methods and assumptions did not change from prior year and were applied to all periods included in the measurement:

Entry age
6.875%, net of manager fees including inflation
Average of 4.55% with range of 3.30% -6.95%
including inflation
2.50%
Projected PubG-2010 and PubNS-2010 Mortality
Tables adjusted for actual plan experience and future
improvement
Ad hoc

Some of the methods and assumptions mentioned above are based on the 19th Investigation of Actuarial Experience, which was published in March 2016, and analyzed experience from 2015 through 2019. The Commonwealth's actuary made recommendations with respect to the actuarial assumptions and methods based on their analysis.

11. **RETIREMENT BENEFITS** (continued)

The long-term expected real rate of return on pension plan investments is determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2022 and 2021, are summarized in the following table:

	December 31, 2022			December 31, 2021			
Asset Class	Target Allocation	Long-term Expected Rate of Return	Target Allocation	Long-term Expected Rate of Return			
Private Equity	16%	5.75%	12%	6.25%			
Private credit	0%	0.00%	4%	4.25%			
Real Estate	7%	5.12%	7%	5.60%			
U.S. equity	31%	4.35%	31%	4.90%			
International developed markets equity	14%	4.25%	14%	4.75%			
Emerging markets equity	5%	4.65%	5%	5.00%			
Fixed income- core	22%	-0.50%	22%	1.50%			
Inflation protection (TIPS)	3%	1.00%	3%	1.50%			
Cash	2%	-1.05%	2%	0.25%			
Total	100%		100%				

Discount Rate

The discount rates used to measure the total pension liability were 6.875% and 7.000%%, respectively, for 2022 and 2021 actuarial valuations. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the rates applicable for each member and that employer contributions will be made based on rates determined by the actuary. Based on the assumptions, SERS fiduciary net position was projected to be available to make all projected future benefit payments of current active and non-active SERS members. Therefore, the long-term expected rate of return on SERS investments was applied to all periods of projected benefit payments to determine the total pension liability.

11. **RETIREMENT BENEFITS** (continued)

Sensitivity of PENNVEST's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following schedule presents PENNVEST's proportionate share of the 2022 and 2021 net pension liability calculated using the discount rate of 6.875% and 7.000%, respectively, for 2022 and 2021. It also shows what PENNVEST's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease		Current		1% Increase	
	5.875%		6.875%		7.875%	
Net Pension Liability as of December 31, 2022 (Measurement Date)	\$	12,560	\$	10,651	\$	7,466
	1% Decrease		Current		1% Increase	
	6.000%		7.000%		8.000%	
Net Pension Liability as of December 31, 2021 (Measurement Date)	\$	10,125	\$	6,450	\$	5,512

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued SERS financial report.

12. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS ("OPEB")

PENNVEST, through the Commonwealth's Retired Employees Health Plan ("REHP"), provides healthcare as a post-employment benefit to its employees that qualify for this benefit when they retire. The REHP has been established under pertinent statutory authority.

General Information about the REHP

Plan Description and Administration

The REHP is a single employer defined benefit OPEB plan that includes Commonwealth agencies and some component units. The REHP is established as a trust equivalent arrangement for some Commonwealth agencies and component units. The REHP is administered by the Pennsylvania Employee Benefits Trust Fund ("PEBTF"), which acts as a third-party administrator under an administrative agreement with the Commonwealth. All policy decision types and levels of benefits for the REHP fall under the purview of the Commonwealth's Executive Board, and the Secretary of Administration. The REHP does not have a governing board.

12. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS ("OPEB") (continued)

The REHP is reported in the Commonwealth's ACFR as a Pension (and Other Employee Benefit) Trust. The REHP is reported using the economic resources measurement focus and the accrual basis of accounting. The ACFR is an audited financial statement and is available at www.budget.pa.us.

Contributions

REHP employer contribution requirements are established by the Commonwealth Office of Administration and the Office of the Budget. PENNVEST contributed \$300/\$188 (not in thousands) per biweekly pay period for each REHP eligible active employee to REHP per the actuarial valuation report as of June 30, 2022 and 2021. Total contributions to the REHP were \$189 and \$203 for the years ended June 30, 2022 and 2021, respectively. These contributions are included in the determination of OPEB liability as of June 30, 2022, and 2021.

Benefits and Eligibility

The REHP covers retirees and their eligible dependents with medical and prescription drug plans. PENNVEST pays the insurance premiums for retirees with the exception of the following amounts received from the retiree:

Retirement Date: Before July 1, 2005	Retiree share of cost of benefits: Zero – PENNVEST pays full cost				
July 1, 2005 to June 30, 2007	1% of final annual salary				
July 1, 2005 to June 30, 2011	3% for non-Medicare and 1.5% for Medicare eligible retirees of either final gross annual base salary or final average salary, whichever is less				
After June 30, 2011	3% for non-Medicare and 1.5% for Medicare eligible retirees final average salary				

Employees who retire from PENNVEST at any age with 25 or more years of service are eligible to receive REHP benefits. In addition, employees who retire at or over age 60 with a minimum of 20 years of service are eligible for coverage under the REHP. Coverage under disability retirement requires five years of service. Spouses and dependents are eligible for subsidized postemployment medical coverage while the retiree is alive. Surviving spouses of deceased retirees may continue to participate in the plan if they pay the full cost of the coverage.

12. POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS ("OPEB") (continued)

<u>OPEB</u> Liabilities, OPEB Expense, and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

As of June 30, 2023 and 2022, PENNVEST reported a liability of \$4,230 and \$4,489, respectively, for its proportionate share of the collective net OPEB liability. The collective net OPEB liability was measured by an actuarial valuation as of June 30, 2022 and 2021, with the exception that the census data information which was as of December 31, 2021 and 2020. PENNVEST's proportion of the collective net OPEB liability was based on PENNVEST's contractually required contributions to the REHP relative to the contractually required contributions of all employers participating in the REHP. As of June 30, 2022 and 2021, the measurement date, PENNVEST's proportionate share was 0.04 percent.

For the years ended June 30, 2023 and 2022, PENNVEST recognized OPEB expense of \$1,260 and \$62, respectively.

<u>OPEB</u> Liabilities, <u>OPEB</u> Expense, and <u>Deferred</u> Outflows and <u>Deferred</u> Inflows of <u>Resources Related to OPEB</u> (continued)

As of June 30, 2023 and 2022, PENNVEST reported deferred outflows and deferred inflows of resources related to OPEB from the following:

	Deferred Outflows of Resources 2023 2022			Deferred Inflow 2023			ws of Resources 2022	
Differences between expected and actual earnings on plan investments	\$	17	s	-	\$	_	S	43
Differences between expected and actual experience	Φ	161	ψ	4	Φ	1,262	Ψ	2,178
Changes in proportion		729		951		245		211
Changes in assumptions		383		547		780		630
PENNVEST contributions subsequent to measurement date		189		203		-		-
Total	\$	1,479	\$	1,705	\$	2,287	\$	3,062

Deferred outflows of resources related to OPEB resulting from PENNVEST's contributions subsequent to the measurement dates, June 30, 2nd 2021, but prior to the reporting dates, June 30, 2023 and 2022, of \$189 and \$203, respectively, will be recognized as a reduction of the OPEB liability at reporting dates June 30, 2023 and 2022, respectively.

Other amounts reported as deferred inflows of resources related to OPEB will be recognized in the PENNVEST's OPEB expense as follows:

Years Ending June 30	Amount	
2024	\$	(684)
2025		(260)
2026		(33)
2027		(72)
2028		52
Total	\$	(997)

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2023 AND 2022 (In Thousands Except for Percentages)

Initial medical trend rate	7.3% (non-Medicare)/6.3% (Medicare) as of June 30, 2022;
	6.9% (non-Medicare)/6.7% (Medicare) as of June 30, 2021
Ultimate medical trend rate	3.90% and 4.00% as of June 30, 2021 and 2020, respectively
Inflation	2.50% and 2.60% as June 30, 2021 and 2020, respectively
Payroll growth	2.80%
Year ultimate trend rate reached	2075
Mortality rate	PUB-2010 Mortality Tables

The above actuarial assumptions were determined, in-part, based on the SERS experience studies performed periodically to determine reasonable and appropriate economic and demographic assumptions for purposes of valuing the defined benefit pension plan. The most recent SERS experience study covered the years 2015 through 2019 and was presented to the State Employees' Retirement Board in July 2020. The approved recommendations from that study were used to determine the assumptions for the REHP valuation, where applicable.

One significant assumption where the recommendation of the experience study is not applicable to the retiree health benefit valuation is the discount rate. Since REHP has insufficient assets to meet next year's projected benefit payments, as prescribed by GASB Nos. 74 and 75, the discount rate is based on the index rate for 20-year tax exempt general obligation municipal bond index rate with an average rating of AA/Aa or higher as of the measurement date. The Commonwealth elected to determine the discount rate using the Bond Buyer 20-Bond General Obligation Index. The discount rate was 4.67% and 3.63% as of June 30, 2022 and 2021, respectively.

Long-term Expected Return on Plan Assets

The long-term expected rate of return on REHP plan investments is determined using a risk premium review. This review compares the current relationship between fixed income and equity and their relationship over long periods of time to come up with an expected rate of return. Other variables considered in the expected rates of return are a reversion to the mean for each asset class. Best estimates of arithmetic real rates of return for each major assets class included in the target asset allocation are summarized in the following table:

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY NOTES TO FUND SCHEDULES FOR THE YEARS ENDED JUNE 30, 2023 AND 2022 (In Thousands)

1. GENERAL

The accompanying schedules present the activity for two of the five funds maintained by PENNVEST: the Federal Clean Water State Revolving Loan Fund, which accounts for the financial activity resulting from capitalization grants received from the Federal government under the State Revolving Loan Funds Program; and the Federal Drinking Water State Revolving Loan Fund which accounts for the financial activity resulting from grants received from the federal government under the State Revolving Loan Funds Program. The activity resulting from the Commonwealth of Pennsylvania capital contributed to PENNVEST, and the 2010 and 1990 trust funds have not been presented in the schedules except for the transactions with these two funds. The schedules have been presented to comply with contractual arrangements with the funding sources.

2. BASIS OF ACCOUNTING

The accompanying schedules are presented using the accrual basis of accounting, which is described in Note 1 of PENNVEST's financial statements.

3. TRANSFER OF LOANS BETWEEN FUNDS

When PENNVEST transfers a loan receivable between the funds identified above, the loan transfer is recorded in contributed capital and the provision for loan losses related to the transferred loans is reflected as an adjustment to net position.

4. ALLOWANCE FOR LOAN LOSSES

The allowance for loan losses was \$12,279 and \$1,900, for the Federal Clean Water State Revolving Loan Fund, and the Federal Drinking Water State Loan Fund, respectively, as of June 30, 2023, and \$12,378 and \$1,813, respectively, as of June 30, 2022.

5. COMMITMENTS & CONTINGENT LIABILITIES

As of June 30, 2023, PENNVEST had approved approximately \$857,344 and \$802,923 respectively, of Federal Clean Water and Federal Drinking Water loans that had not yet been disbursed. The monies needed to fund these loans will be generated from contributions by the federal government or the Commonwealth of Pennsylvania, revenue bonds, and principal repayments on existing loans.

Amounts received or receivable from grant agencies are subject to audit and adjustments by grantor agencies, principally the federal governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenses that may be disallowed by the grantor cannot be determined at this time, although PENNVEST expects such amounts, if any, to be immaterial.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS' ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Directors Pennsylvania Infrastructure Investment Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Pennsylvania Infrastructure Investment Authority (PENNVEST) a component unit of the Commonwealth of Pennsylvania, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, and have issued our report thereon dated October 18, 2022.

Report on Internal Controls over Financial Reporting

In planning and performing our audit of the financial statements, we considered PENNVEST's internal controls over financial reporting (internal controls) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PENNVEST's internal controls. Accordingly, we do not express an opinion on the effectiveness of PENNVEST's internal controls.

A *deficiency in internal controls* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal controls, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal controls was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal controls that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal controls that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether PENNVEST's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal controls or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

Philadelphia, Pennsylvania October 18, 2023
